

SGN

Planned gas works on Elmer Road

Update 30th April 2026

SGN contractors are progressing west along Elmer Road and by Friday May 1st will be at the junctions of Rose Avenue and North Ave South.

There will be a requirement to prevent access to Rose Avenue at the junction with Elmer Road at some point to 'break ground' and form a new connection.

Three-way traffic lights will be in operation and at the point Rose Avenue is closed, access will be via Main Drive.
